INTRODUCTION

What does it mean to have crazy faith? Luckily, the Bible is full of examples of humans putting their trust in God and watching him do incredible things. David is arguably one of the best examples. His story is seeped in a deep and crazy faith in God. Today, we are going to see how David's crazy faith led him to trust in God's timing more than his own.

Before you begin pray that the Spirit would allow David's faith would encourage your own.

READ & DISCUSS

READ: 1 Samuel 24

DISCUSS:

- What do you know about David's life leading up to this passage?
- What initial observations do you have?
- What are some similarities and differences between David and Saul?
- Both David and Saul have followers who are telling them to kill one another. Saul chooses to listen to them, but David does not. Why do you think that is?

REFLECT & APPLY

DISCUSS:

- Like David, the situation we are in, the friends we surround ourselves with, or even our emotions can tempt us to take control of our lives rather than trusting God's timing. What external or internal influences tempt you to take control of your own life?
- What is something you can do this week to remind you to trust in God's timing above all else?

PRAY

Praise Jesus that he perfectly trusted in God's timing on your behalf. Pray that you would recognize when you are tempted to take control and God would give you the faith to trust his timing above all else.

Discipleship Check-In

- Have you prayed and read your Bible consistently the past week?
- Who is someone you're praying to share Jesus with this week, and what's one way you can love them well?
